# COMMUNITY BASED HTC

---

**Ⓡ Divided into two approaches:**

- 1) Home Based Testing & Counseling (HBTC).
- 2) Mobile HTC - Outreach (moonlight, market place, open ground etc)

*November, 2009*

# PROGRESS OF HBTC OPERATIONAL MANUAL

---

- Ⓡ The development process started in August 2009.
- Ⓡ A Technical Working Group was formed and comprises NASCOP HTC team and Implementing partners.
- Ⓡ 1<sup>st</sup> meeting was held in 10<sup>th</sup> August, 2009.

*November, 2009*

# The components of the draft Manual

---

- 🎗️ Guiding Principles in HBTC
- 🎗️ Planning Process (staffing and logistics)
- 🎗️ Community Mobilization
- 🎗️ Testing Protocols
- 🎗️ Referral, linkages and follow up
- 🎗️ Quality Assurance and Control
- 🎗️ Waste management
- 🎗️ Monitoring and Evaluation

*November, 2009*

# HBTC TOOLS

---

- Ⓡ Kenya in its scaling up of HTC services, more strategies/approaches have been realized – HBTC and Mobile HTC.
- Ⓡ The current MOH 711 reporting tool captures data from PITC, VCT and DTC.

*November, 2009*

## Cont'

---

- ⚡ Currently the HBTC and Mobile HTC data is captured as VCT data.
- ⚡ Monitoring and Evaluation (M & E) Unit in NASCOP with HMIS will soon review the MOH 711 reporting tool, to incorporate all the HTC approaches

*November, 2009*

## Cont'

---

- ⚡ HBTC partners were requested to email their data tools for review and harmonization.
- ⚡ The Community Based Technical Working Group (TWG) will review these tools and forge way forward on harmonization.
